What are These Things Doing in the Library?

How Makerspaces and Library of Things can fit in your library's collection and service.

Libraries are cornerstones of informed citizenry and vibrant communities.

Libraries have always been a place of discovery and lifelong learning.

Libraries serve as community centers where people can gather and attend events.

Libraries have served as institutions of education equality **and a crucial point of digital access to those who can't** afford computers or internet access at home.

What are These Things Doing in the Library?

How Makerspaces and Library of Things can fit in your library's collection and service.

Libraries have always provided materials such as books, DVDs, Music CDs, and digital materials to those who can't afford them.

We provide computer access, computer classes, tax forms, story times, and other programs.

Makerspaces and Library of Things extend libraries' roles as centers of opportunity and learning.

What are These Things Doing in the Library?

How Makerspaces and Library of Things can fit in your library's collection and service.

Origin of Makerspaces.

The Do-It-Yourself movement started up in 1950s through the 1960s

- Returning G.I.s and growth of the suburbs
 - Unfinished spaces such as basements
 - Growth in the power tools industry
 - Station Wagons

What are These Things Doing in the Library? How Makerspaces and Library of Things can fit in your library's collection and service.

Equipment included

- Table saws, miter saws
abrasive saws,
- Metal and wood lathers,
milling equipment
- Welding equipment
- Sheet metal fabrication
equipment
- 3D printer and CAD software
- Textile areas with sewing
machines

TechShop filed for bankruptcy in 2017 and all US locations have since closed.

People who were members of TechShops went on to start their own versions of it, spurring on the Makerspace movement.

What are These Things Doing in the Library?

How Makerspaces and Library of Things can fit in your library's collection and service.

Examples of Makerspaces:

Hackerspaces- places where computer programmers shared knowledge and infrastructure.

** "Hacking" refer to activities that involve making existing objects i.e. programs do something unexpected.

- Development of Freeware, open-source software, and open access blueprints.

How Makerspaces and Library of Things can fit in your library's collection and service.

Makerspaces in Libraries offers a different type of service to patrons. A library makerspace allows patrons to experience technology or activities that they previously were not able to access

- The first public library makerspace was in 2010 at the Fayetteville Free Library in Fayetteville NY.
- Mobile Makerspace consisting of a 3D printer, laser cutter, and sewing machine.

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

Community buy in:

- Identify stakeholders
 - Youth Patrons - STEM, Robotics
 - Adults Patrons - photograph digitization, quilting machines
 - All Patrons- Cricut machines, 3D Printers

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

Library staff and volunteers buy in:

- Is the Library board in favor or at least not hostile to the idea
- Do staff or library administration have buy in?
- Who is willing to staff/teach in the Makerspace

North Dakota
State Library

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

General Community:

- Community conversations
- What groups are meeting/community interest

What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.

Successful Library Makerspaces

Physical location

- Space allocation for a makerspace
 - Before and after a potential makerspace
 - Offsite
- Storage
 - Shelves, Cupboards, Closets
 - Portable- Carts, Mobile Units

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

Environmental factors

- Enough electrical outlets
- Workspace and Tables
- Barrier between library patrons and makerspace
 - Ventilation
 - Noise Factor

North Dakota
State Library

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

Financial Factors

- Initial start up
- Enough budget for replacing the consumables
- Budget for expansion

**What are These Things Doing in the Library?
How Makerspaces and Library of Things can fit in your library's collection and service.**

Successful Library Makerspaces

Policies and Procedures

- Conform to your existing policies
 - Responsibility of clean up
 - Attendance policy of children with an adult
 - Waiver (have an attorney write it)

How Makerspaces and Library of Things can fit in your library's collection and service.

Library of Things

History:

Toy Library- first established in 1935 in Los Angeles

- Westchester area of Los Angeles -Loan toys to low income children **who's** family could not afford toys.
- Started after a manager of a dime store who caught a couple of young boys trying to steal small toys.
- **The children's principal told the probation officer that these were good kids put in a bad situation because of the depression.**
- The store owner and others in the business community helped start the first toy library.
- **"We cannot let children like these become delinquents just for a lack of toys."**

North Dakota
State Library
