Virtual Summer Reading Kickoff

The Summer Reading Kickoff is fast approaching. We had a wonderful time featuring your programming talents last year and are excited to partner with you again. As we work on the schedule, we are in need of more craft activities, storytimes, puppet shows, skits, storytelling, etc.
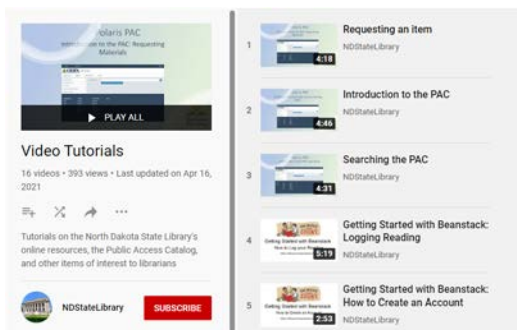

If you participated last year, we'd love to have you join us again. If you're new to this, throw your fears out the window. All you need is to be a kid at heart. Help make this summer of *Tails and Tales* a success. Contact Shari at **ssandwick@nd.gov**.

New PAC Tutorials

Three revised or new tutorials on using the PAC have been created and uploaded to our YouTube channel. These tutorials highlight the basic features and operations of the public access catalog or PAC.

"Introduction to the PAC" provides an overview of the features found in the PAC. "Searching the PAC" explores the different search options and ways to narrow down your search results. "Requesting an Item" will show you how to request a book or other item you found in the PAC.

The focus of our tutorials is on searching and requesting materials using a State Library card. You can find our new PAC tutorials along with other video tutorials on our **YouTube channel**.

Digital Dimension

Concluding our copyright series (for now), this month's column will focus on copyright and digitization.

Copyright is a major factor that needs to be considered before starting a digital project. It can make or break a project. You don't want to devote a considerable amount of time digitizing something, only to discover that you cannot share the item online due to copyright. Sure, you probably listened to several good podcasts while scanning, but besides that, was it worth the effort if you cannot do anything with the scan? You also don't want to get yourself into legal trouble with the rights holder by making something available online.

This is why a lot of digitization projects will focus on items in the public domain. What is the public domain? According to the **United States Copyright Office**, a "work of authorship is in the 'public domain' if it is no longer under copyright protection or if it failed to meet the requirements for copyright protection. Works that are in the public domain may be used freely without the permission of the former copyright owner."
Read More

Your library's summer reading program just got better with the College SAVE Summer Reading Champions program. Every North Dakota youth completing their library's summer reading challenge can receive a contribution to a new or existing College SAVE account. New account owners receive $25; existing account owners receive $10. The avid readers will be entered for a drawing for one of 10-$529 scholarships to a College SAVE account.

Register by May 7, 2021, so your library can participate.

CSLP Social Media Toolkit

The Collaborative Summer Library Program (CSLP) has created sample posts, graphics, and PSA videos for your library to use on social media, which you will find in the **2021 Tails & Tales Social Media Toolkit**.

The document is a living one, so the CSLP social media team will keep it updated as Summer 2021 approaches. We're looking forward to seeing & sharing #TailsandTales posts from your libraries!

You can follow CSLP on Facebook, Twitter, Instagram, YouTube, and Pinterest: @CSLPreads. CSLP also offers two Facebook Groups for member library staff: **Feeding the Whole Child** and the **Official Summer Library Programming** group.
CSLP Listening Sessions

The Collaborative Summer Library Program's (CSLP) Theme/Slogan Committee is holding three listening sessions to give people a voice in the wordsmithing of potential slogans.

May 19 at 2:00 PM CT
May 27 at 10:00 AM CT
June 7 at 3:00 PM CT

Registration links and a list of slogans will be available in the coming weeks.

If you have any questions, please contact Shari at 701-328-4663 or **ssandwick@nd.gov**.

Virtual Jigsaw Puzzles

Jigsaw Planet is a website that allows contributors to upload and create jigsaw puzzles from their images.

Digital Initiatives has added a number of images from the digital collections of the ND State Library to its Jigsaw Planet account. These virtual puzzles can be played by anyone from anywhere. It is completely free, and no account is needed.

By using the website's "Play As" feature, users can select their own desired number of pieces for each puzzle. Take a brain break and try one of the puzzles!

Teen Summit Recording

The recording of **The Importance of Seeing "Me" Within the Doors of the Library - Teen Summit** is now available on the YALSA YouTube channel. Watch as a panel of teens discuss what they want and need from libraries and library staff.

CSLP Artwork Committee for Program Year 2023

The Collaborative Summer Library Program (CSLP) is looking for people to volunteer for the 2023 Artwork Committee. Committee members will be expected to look at sketches for program year 2023 (Friendship and kindness, *All Together Now*, artist Frank Morrison) and evaluate them from a culturally authentic viewpoint and provide constructive criticism to ensure posters and spot art are inclusive and reflective of the diverse communities we serve.

Timeline:
Late May:
Zoom meeting with the committee to discuss charge, expectations

July-October:
Receive the first draft of sketches from the artist
Zoom meeting with the committee to discuss first impressions and thoughts
Cooperative Children's Book Center receives sketches to offer feedback as well
Period of time to provide feedback to Committee Chair
Feedback is given to the artist

November-December:
Receive the second draft of sketches from the artist
Zoom meeting with the committee to discuss first impressions and thoughts
Period of time to provide feedback to Committee Chair
Feedback is given to the artist

January 22, 2022:
Receive final artwork from artist

Please complete the Artwork Committee **application**. Part of the application includes two images from children's literature. What feedback would you give the artist if these images were submitted? What sticks out or resonates with you? What might a child take away from these images? There are no right or wrong answers; they are just hoping to see your thought process in evaluating the artwork and providing thoughtful and constructive feedback.
