

"Ukrainians in North Dakota" Sent to ND School Libraries

You have likely received, or will be receiving, a book titled "Ukrainians in North Dakota: In Their Voices" by Agnes Palanuk. Agnes was a North Dakota school teacher, historian, and journalist and placed a great deal of love and pride into preserving and teaching others about Ukrainian culture.

This book is for you to keep and place on your library shelves! We hope your students, faculty, and staff find enjoyment and education from this culture, just as Agnes clearly did.

If you have any questions or concerns, contact the State Library at statelib@nd.gov or 701-328-4622.

Readers' Advisory and Reference Services LibGuide

Submitted by Abby Ebach

Looking for assistance at the Reference Desk? NDSL's newest LibGuide, [Readers' Advisory and Reference Services](#), compiles a small mountain of websites and links to help with your most common questions.

Some highlights:

- Common book levelers such as [Accelerated Reader](#), [Lexile](#), and [this helpful leveling chart](#) that includes a general framework for all levelers
- [An entire page](#) dedicated to compiling award winners, online book reviews, new releases, and current online book clubs
- Reference materials that span everything from statistical resources such as [Census.gov](#) or the [College Scorecard](#) to community assistance resources such as [the FirstLink Community Resource Directory](#) or the [US Citizenship and Immigration Services](#) website
- Some fun reference sites such as the [LIFE Photo Archive](#) or [Acronym Finder](#)

Explore more resources on [the LibGuide](#).

Tammy's Teaching Tidbits

Resources About Misinformation and Disinformation

Last week, I defined misinformation and disinformation, as well as principles of quality journalism. This week, I will address different educator resources pertaining to misinformation and disinformation.

News Literacy Project

The News Literacy Project (www.newslit.org) offers educators a variety of resources, both to use with students and as personal references. These resources include:

1. Checkology – An e-learning platform for students in grades six through twelve; teaches lessons using real-world examples, news clips, and stories.
2. Resource Library – This resource contains classroom activities, as well as infographics and posters; lessons are broken down by age group: fourth to sixth grade, seventh to ninth, and tenth and beyond.
3. Newsroom to Classroom – This program brings journalists, either virtually or in-person, to middle and high school classrooms.
4. The Sift – A weekly newsletter that highlights media news, recent examples of misinformation, as well as prompts and tips for classroom discussions and activities.
5. Is that a Fact? Podcast – Podcast episodes pertaining to news stories and major events; available from numerous platforms, including Apple Podcasts, Google Podcasts, Stitcher, Spotify, iHeart, and Amazon Music.
6. Virtual Rumor Rundown – Review of examples of mis-and-disinformation with news literacy lessons and insights.
7. Informable App – An app that tests literacy know-how in a game-like format; can be downloaded from Google Play or the App Store.

News Literacy Project resources may be accessed at www.newslit.org -> For Educator (under the hamburger icon) -> Educator Tools for the Classroom.

Universal Class Course of the Month

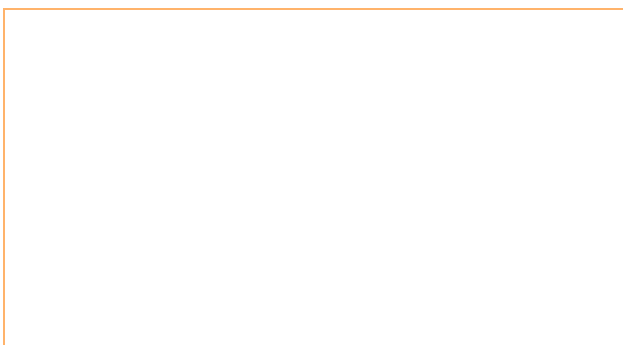

Is time slipping away?

Managing time effectively is fundamental to success, both professionally and personally. Today, we're busier than ever--at work and at home. There just isn't enough time for the important things, things we want or need to do, or even to devote to a special project.

Time Management 101 from Universal Class is a practical "how-to" course that will guide you through the maze of conflicting priorities, self-doubts, disorganization, over-commitments, and limitations that have kept you from successfully managing time in the past. It offers a step-by-step format for achieving a balance between your personal and professional lives. Courses include setting goals and benchmarks, managing projects and commitments, prioritizing your to-do list, and much more.

If you need help managing your time, check out this Universal Class course at <https://www.universalclass.com/course/time-management-training.htm>.
