Online Library Resource Guide

Mango

Introduction

Your library has access to a wealth of information in the form of online library resources. Mango is only available for patrons of public libraries and the State Library. If you are a school or academic library, your patrons will need a library card from their local public library or the State Library.

If you have any questions, please contact the State Library at statelib@nd.gov or 701-328-4622.

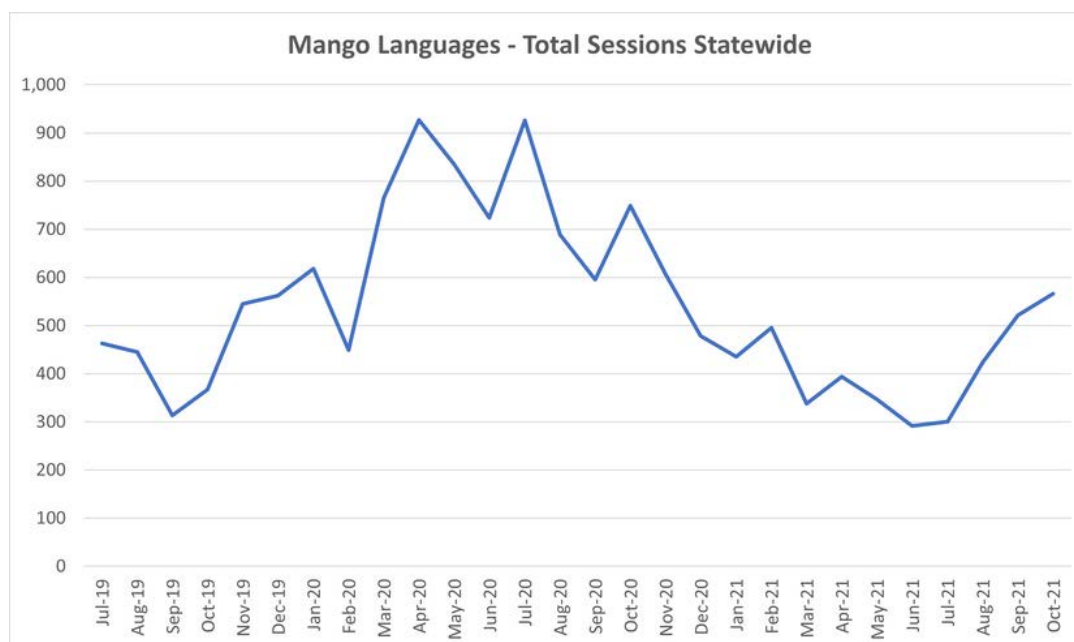

Description

Mango provides your patrons an opportunity to learn over 60 languages, including Spanish, German, and Norwegian, along with courses for non-English speakers to learn English.

Each course immerses users in real-world situations using native speaker audio and includes a voice comparison feature to help you nail the pitch-perfect accent. Memory-building exercises strengthen critical thinking skills and empower you to break down words and sentences to build new phrases on your own.

Mango is also available as an app for your mobile devices.

If your library's website doesn't already include a link to Mango, we recommend that you add it. Please contact ndslpa@nd.gov or 701-328-4656 if you need any assistance with your WordPress website.

Usage Statistics

For more information about the statistics or to see how much your patrons use Mango, go to www.library.nd.gov/databaseusage.html or contact ndsl-ld@nd.gov or 701-328-3495.

Promotional Materials Available

The State Library is happy to provide your library with promotional materials for the online library resources. There are bookmarks and flyers available for the Mango resource.

If you would like bookmarks or flyers, please fill out the form found at https://bit.ly/ndslpaform. Materials will be sent out as soon as possible.

There are more promotional materials found on the State Library's website at http://www.library.nd.gov/PromoMango.html.

Tutorials and Webinars Available

Video tutorials for many of the online library resources are available on the State Library's YouTube channel (www.youtube.com/NDStateLibrary). Mango tutorials include How It Works and Signing Up. More tutorials will be added as needed.

Other tutorials for many of the online library resources can be found in Niche Academy at http://bit.ly/NicheOLR.
